Lego Dino and Dino Eggs

SILLY STORIES

Once there was a human

called ALBANUGGET

and they went to the beach for the day

but aliens invaded

They died because they got

Once there was Stinking block of cheese

Called the sister

They went to [illegible] and asked if they like burgers

But they died

They licked all the mice crispies off and went to live on the moon

Their Once was a VERY grumpy Man!

they were called Blobby Pants

and they went to into a dark cave

But they ended up

They got married to a giraffe!

Once upon a time there was a green slug

called TIMTIMTIMTIMTIM

They went to moon.

but a big whale came out of the water covered in seaweed and chocolate mice crispies

And Jimmy Junior died

LEONARDO
DA VINCI
ARTIST

LAMINE YAMAL

Steve Jobs
(1955-2011)
Steve Jobs was an American inventor and entrepreneur who is famous for introducing new technologies to the public. He co-founded the technology company, Apple Incorporated, which launched MP3 players, mobile phones and tablets.

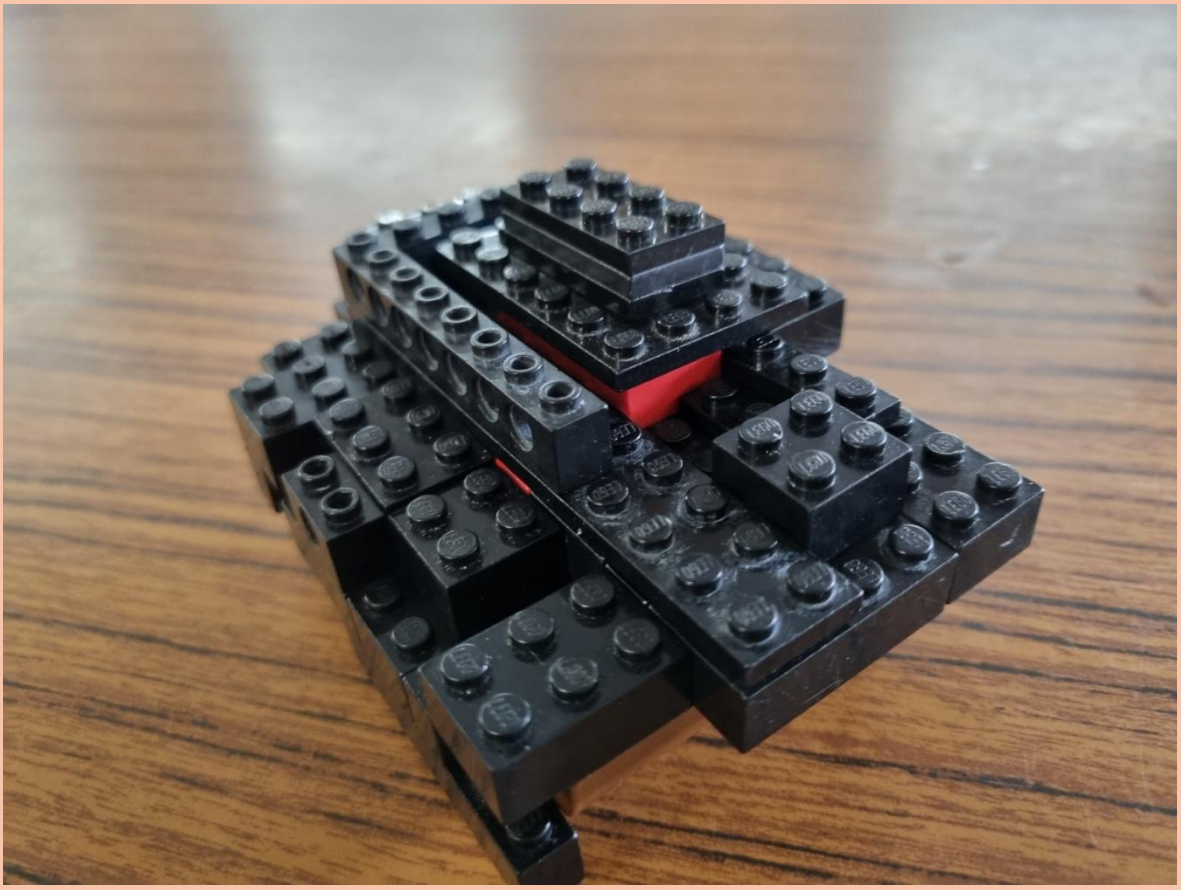

Ada Lovelace
(1815-1852)
Ada King, Countess of Lovelace, was an English mathematician. She wrote an algorithm for a computing machine which is considered to be the first ever computer program. Her work was published in a science journal in 1843 and her ideas for how to program a computer are still used today.
